FCH Upload Information

The FCH integration will allow The Business Edge to update the FCH website with flagged products.

It currently uploads the following information:

- Product Code
- Product Selling Description
- Branch Code (when applicable)
- Quantity On Hand (On Hand less Allocated less Committed)Update FCH Upload Flags

You can flag products to be uploaded to FCH using ranges of Product Codes, Product Descriptions, Product Classifications or Alternate Part Numbers.
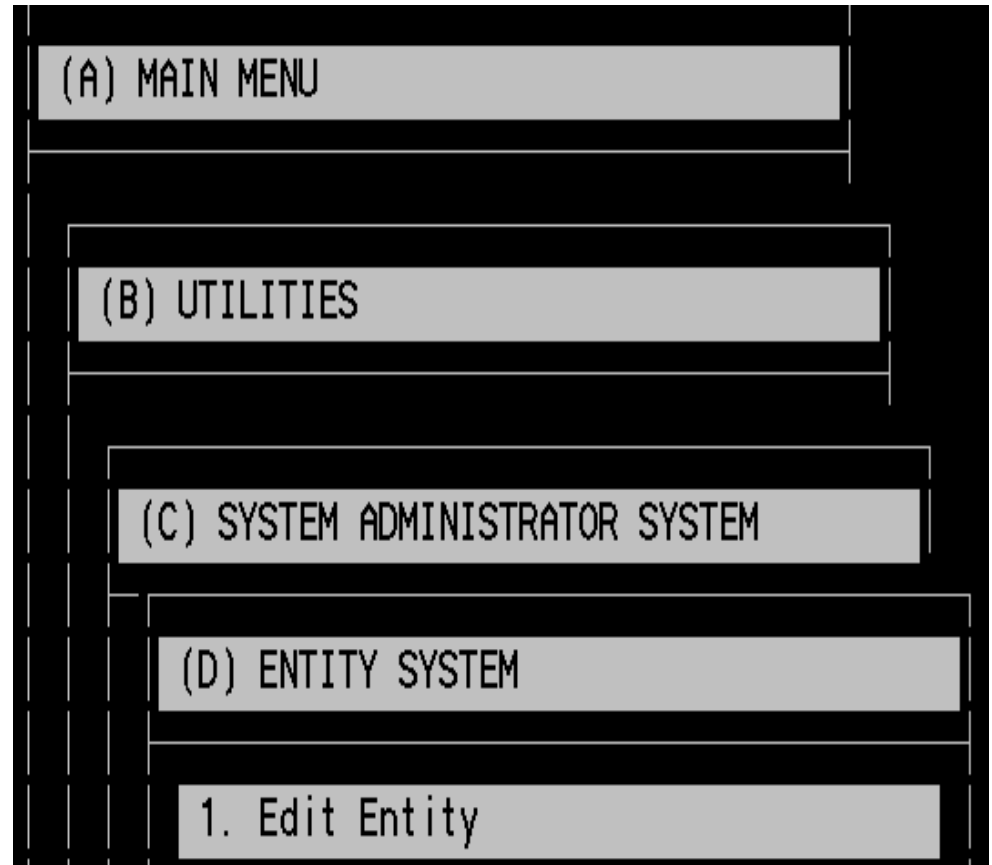

Select a range of products that you want to affect. Then select how you want the FCH Upload flag to be set.

Add your FCH Membership ID Number

Path from Main Menu:
- **Utilities**
- **System Administrator System**
- **Entity System**
- **Edit Entity**

(see next page).

Note: System Administrator is a permission needed access.
See you IT administrator for assistance.
